## 3-Translate into urdu or Rewrite into Simple English the following paragraph:(8)

Strategies for the future must be based on the conservation and careful management of land, water, energy, and biological resources needed for food production. Yet none of these measures will be sufficient to ensure adequate food supplies for future generations unless the growth in human population is simultaneously curtailed. Several studies have confirmed that to maintain a relatively high standard of living throughout the world, the optimum world population should be less than 2 billion.
