- 1 I went to the senior nurse and told her that I wanted to help this patient and work with her more closely. The senior nurse looked at me with utter surprise and remarked that she had orders from the doctor in-charge to shift her to the general ward. The doctors thought that she was a helpless case and the bed must be spared for other patients. I was shocked to hear this.
- 2 I continued to work on Hira. But she was not making much recovery. I felt as helpless as she was to see her lie on bed in a miserable state. Could I be able to justify my stance before the senior doctors? I did not lose hope. I continued to work with patience and kept doing exercise with her. Gradually, I could see her making a slight recovery. One day, I was thrilled to see her lift her little finger. All was not lost!
